

Harrisburg Area Junior Golf Association

The Harrisburg District Golf Association will be administering the tournaments for this year's Harrisburg Area Junior Golf Association. Below is a list of the age divisions and tournament formats.

Players must register for the season and pay a one-time fee in order to sign up for any of the individual events played during the season. Registration for the season opens on April 1st. [Click Here to Register](#)

Players will be required to register for each event individually so that we can get a better head count and more accurate pairings each week. Registration for an event will open three weeks prior to the event and close the Friday prior to the event. **Due to limited tee times at host courses, there will be a limit of 60 entries per event, after that point a waiting list will be established.** If you register for an event and will not be able to play, please contact info@hdgolf.org.

Players will register for an event by going to www.hdgolf.org/hajga.asp and clicking on the corresponding APPLY button for the event they wish to play in. Players can also enter an event by responding to the invitation email sent 3 weeks prior to an event.

Tee times will be posted 24 hours prior to the event. Results will be posted to the site once the event is completed.
